Street Map of

Schenectady

New York

THE STORY OF

OLD SARATOGA

BY

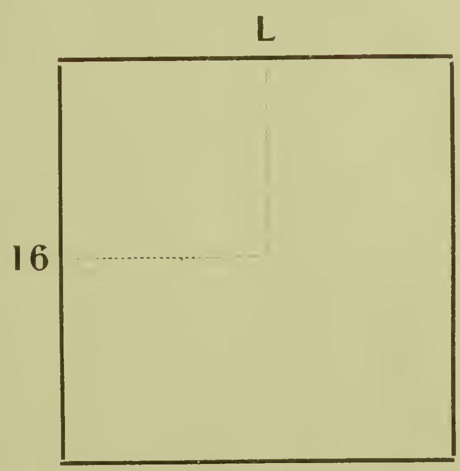

BRANDOW

"WHILE hunting for Colonial or ante-Revolutionary data relative to the history of this locality we discovered that there was very much more to it than had yet appeared in any form accessible to the public ; and, what is more to the point, we found that this is the only locality, worthy of it, in the valley between New York City and Plattsburg, whose Colonial history had not been carefully explored and written up."

ROBSON & ADEE

$1.50 net.

HOW TO LOCATE A STREET

Frank St., L-16, Plate 8

Refer to Plate 8 and draw an imaginary line as illustrated above, in this way any street can be located in an instant.

HISTORIC TOWNS

of the

Connecticut River Valley

THIS new book by Geo. S. Roberts fills the need for a good, comprehensive sketch of most interesting and pict-uresque New England.

Diverging from the somewhat dry style of most writers of history, it is told in a brisk, modern manner, that, with the numerous anecdotes and legends, will be widely appreciated.

Further, the publishers have made it a handsome volume and beautifully illustrated, making it a gift book of unusual worth.
